(b) a Ruler or a subject of a State in India, or a native of a tribal area or territory adjacent to India, in respect of whom a declaration has been made under Section 292 of the Government of India Act, 1935:

Provided that in the case of a male British subject the requirements of this rule (other than that concerning domicile) may be waived by Government if satisfied that their observance would occasion exceptional hardship and that the candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

11. Candidates must have attained the age of 22, and must not have attained the age of 25, on the first day of August of the year in which the examination is held:

Provided that a Government† servant who is over the age of 25 and under the age of 28 on that date may be admitted to the examination if he—

* The admission of applications by persons in Government service is further governed by the Government Servants' Applications for Posts (Railway Services) Rules published with the Government of India, Railway Department (Railway Board) Publication No. P 840/31 Ests. dated the 9th June 1934 and No. E. 34 R. E. I., dated the 22nd January 1935, as amended from time to time and the corresponding rules made by Provincial Governments.

staff generally constitutes the Service for which he is a candidate, and

(b) is recommended by the Head of his Department.

12. A candidate must furnish to the Commission such evidence as may be required to show that he is of good character and *prima facie* suitable for admission to the examination. No candidate who is in the employment of the Central or of a Provincial Government will be admitted to the examination, unless the Head of his Department reports that his character and attainments are satisfactory. Success in the examination confers no right to an appointment unless Government or the appointing authority, as the case may be, are satisfied after such further enquiry as may be considered necessary, that the candidate is suitable in all respects for appointment to the public service.

13. A candidate must be a graduate of one of the Universities enumerated in the first appendix to these rules or must hold the Senior Diploma of the Mayo College, Ajmer

Provided that, in exceptional cases, the Commission may, on the recommendation of the Central Government or a Provincial Government, treat as qualified a candidate who, though he has not any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which in the opinion of the Commission justifies his admission to the examination.

14. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

15. No recommendations except those invited in the form of application shall be taken into consideration. Any attempts on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission

16. Candidates must pay such examination fees as Government may prescribe (see Appendix III). No claim for a refund of any of these fees will be entertained, nor can they be held in reserve for subsequent examinations or selections

17. Examinations under these Rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these Rules.

18. (i) After every examination the Commission shall make a list of the candidates in order of their merit as disclosed by the aggregate marks finally awarded to each candidate, and in that order so many candidates up to the number of vacancies announced under rule 6 above, as are found by the Commission to be qualified by the examination and are considered by Government or the appointing authority, as the case may be, to be suitable in all other respects, shall be appointed.

(ii) For the purposes of rule 5 of these Rules, selections for appointment to vacancies to be filled by members of a particular community or communities shall be made by Government or the appointing authority, as the case may be, after consulting the Commission, from candidates of that community or communities who have qualified at the examination.

19. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the Service. A candidate who (after such medical examination as Government, or the appointing authority, as the case may be, may prescribe) is found not to satisfy these requirements will not be appointed. Only candidates who are likely to be appointed will be medically examined.*

20. (a) Appointments shall be made on probation for a period of 2 years provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed departmental examinations. Repeated failure to pass the departmental examinations within a period of 3 years shall involve loss of appointment.

* In order to prevent disappointment, candidates are advised to have themselves examined by a medical practitioner (preferably a Civil Surgeon) before applying for admission to the examination. Particulars of the nature of the medical test to which candidates will be submitted before appointment and of the standards required can be had from the Commission. Candidates will have no right of appeal against the decision of the Medical Board.

(b) If, in the opinion of Government the work or conduct of an officer on probation is unsatisfactory or shows that he is unlikely to become efficient, Government may discharge him forthwith.

(c) On the completion of his period of probation, Government may confirm the officer in his appointment, or, if his work or conduct has in the opinion of Government been unsatisfactory, Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.

(d) If the power to make appointments in the Service is delegated by Government to any officer that officer may exercise any of the powers of Government under this rule

PART III.

Recruitment by promotion or transfer from another Service or Department.

21. Recruitment by promotion shall be made by selection from among the subordinate gazetted and ministerial establishments of the Service concerned after consultation with the Commission and the officer selected will be appointed by Government. No officer shall have any claim to such promotion as of right.

22. Recruitment by transfer from another Service or Department shall be made by Government after consultation with the Commission, from among members of such other services or departments as may be determined by Government when occasion arises.

23. If the power to make appointments in the Service is delegated by Government to any officer, that officer may exercise any of the powers of Government under this Part of these Rules.

(2) The Commissioner shall, on the outbreak of cholera in the city, provide the Health Officer with a permanent advance of not less than Rs. 200 exclusively for cholera prevention and control charges, the advance being recouped from time to time by bills supported by vouchers.

(3) The Health Officer of the Corporation of Madras shall be responsible for carrying out the duties laid upon him by these rules, and he shall be designated the Cholera Officer.

The Commissioner shall, in consultation with the Cholera Officer, prepare a map of the City of Madras showing the different circles, the area, population and headquarters of each circle and the infectious diseases hospitals and isolation wards in the City and submit it to the Director of Public Health for approval of the proposals contained therein. After the approval of the Director of Public Health has been obtained, the Commissioner shall keep a sufficient number of copies of the map on record in the Corporation office and shall send copies of such map to the Cholera Officer, the District Health Officer, Chingleput, the Collector of Chingleput and the Director of Public Health. The Commissioner shall also arrange for the supply of such other medicines and equipment as may be required by the Cholera Officer.

It shall be the duty of the observation staff to obtain the earliest possible information of every case of cholera or acute diarrhœa in order that immediate steps may be taken to provide for disinfection and to arrange for medical assistance. To that end they shall patrol the whole area of their circles constantly and systematically, particularly enquire from the medical practitioners, vaidyas and hakims, investigate every suspected case of cholera or of severe diarrhœa coming to their notice and take prompt measures to prevent the spread of the disease. At all such times, cases of severe diarrhœa shall be considered as suspicious, and as dangerous as cholera. The members of the observation staff shall arrange, with the aid of the ordinary sanitary and conservancy establishments of the Corporation for the removal of all sanitary and conservancy defects, which are conducive, or are likely to be conducive, to the dissemination of the cholera infection both within the City in general and within and around the precincts of the infected house or houses in particular. They shall, as far as possible, prevent the contamination of all sources of water-supply and shall, when necessary, chlorinate them daily.

11. The observation staff shall inform all inhabitants in their circles of the importance of adopting the precautions against cholera specified in Annexure II to these rules and shall distribute as widely as possible, free of cost, copies of these instructions printed in the principal language or languages of

the City. In order to obviate delay in the distribution of the leaflets on the outbreak of cholera, the Commissioner shall keep in stock already printed a supply sufficient to meet the demand of the City. The Cholera Inspector shall, by means of lectures, magic lantern demonstrations, or other means address and instruct the inhabitants in regard to the value of these preventive measures. He shall also advise the inhabitants to submit themselves to inoculation with an antidote various or the administration of bilevaccine.

12 The Cholera Officer shall apply to the King Institute Guindy for the required number of doses of anti-cholera vaccine. A small stock of 100 doses shall always be kept for emergent use. (b) to the Collector of Chingleput

(c) to the Commissioner, and

(d) to the District Health Officer and all Municipal Health Officers in the Chingleput district.

(2) The Cholera Officer shall at the commencement of the epidemic closely investigate the cause or nature of the outbreak with particular reference to any special or outstanding attendant circumstances. A special report shall be sent within a week of the outbreak of the epidemic to the Commissioner and to the Director of Public Health indicating therein the measures which should be taken to deal with special cases

(3) The Commissioner shall forward without delay copies of such special report—

(a) to the Director of Public Health,

(b) to the Collector of Chingleput, and

(c) to the District Health Officer, Chingleput.

(4) The action taken by the Commissioner shall also be communicated to the Cholera Officer without delay.

14. On receipt of information that an indigenous case of cholera has occurred, the Cholera Officer shall appoint such staff as may be necessary for the effective control of cholera or such other staff as the Director of Public Health may consider necessary from time to time. Ordinarily one Sanitary Inspector or Sub-Assistant Surgeon and one scavenger shall be employed in each infected circle. If there are more than three infected houses in an infected circle, one additional peon and one additional scavenger shall be appointed for every three additional infected houses or less. A case shall generally be considered infective for at least fifteen days from the date of the attack.

In each infected circle at least one cycle orderly shall be appointed to help the preventive staff in carrying on the duties performed by the observation staff till the appointment of the preventive staff.

In the non-infected circles, the observation staff appointed under rule 7 shall be continued.

If an indigenous outbreak of cholera occurs in the city, the observation staff referred to in rule 7 shall be appointed in addition to the preventive staff.

15. The cholera staff, in addition to their general patrol, shall regularly and systematically visit every house in which a case of cholera has occurred and by every possible means persuade house-holders to have the cases removed to the Infectious Diseases Hospital or other place where they can be suitably received and treated. They shall render every assistance in the matter of securing carts or other conveyances for the removal of such patients, and shall see that every cart or conveyance so used is thoroughly washed and disinfected before being discharged. The hire for carts and conveyances used for this purpose shall be paid from Corporation funds. Where it is found that the removal of a case to the hospital or other place aforesaid is not possible, the Cholera Inspector shall take steps to isolate the patient in the most suitable part of the house and shall make the necessary arrangements for the prompt collection, disinfection and effective disposal of all infected matter and for the chlorination of sources of water-supply in accordance with any instructions which may be issued by the Director of Public Health.

4. Doors and windows should be always kept open in order to secure free ventilation.

5. All rags, bora mats, gunny bags, old baskets and such other articles of manufacture value should be destroyed by burning. Windows, and other apertures for light and ventilation should not be blocked up or screened over.

7. All house-drains should be cleansed and flushed daily in the same way.

8. The contents of cesspools and soak-pits or catch-pits should be emptied daily.

11. The food should be simple, nourishing and of good quality and should be freshly cooked It should be eaten as soon after it has been cooked as is possible and after the hands and feet have been well washed and the mouth rinsed freely with fresh water.

12. All articles of food and drink should be kept suitably covered to prevent access to flies and dust.

13. Food which has become cold or stale, and all indigestible articles should be avoided.

14 All raw vegetables or leaves, over-ripe or under-ripe fruits likely to cause diarrhœa should be avoided. They should never be eaten unless they have been cooked Salt should be used with the diet in sufficient quantities Acid drinks such as lemon squash are useful as a preventive.

15 Buttle sweets and similar cooked or uncooked articles of food sold by hawkers should not be eaten. Milk buttermilk and vegetables obtained from places where cholera is prevalent should be looked upon with suspicion and should be rejected unless they have been well boiled or cooked.

16. All water for domestic use should be obtained from the best possible source under the advice of the Corporation authorities It should be boiled for at least fifteen minutes and placed in a clean pot suitably covered; and it should be protected from exposure and dirty hands and vessels should not be dipped into it. No water other than that which has been well boiled and cooled should be used for drinking cooking purposes or for cleansing vessels, plates, etc.

17 Drastic purgatives should be avoided when cholera is prevalent.

(2) All objectionable bedding and clothing should be removed.

(4) Rags and clothing soiled by vomit and excreta should similarly be burnt.

(5) Clothing and other articles of value brought into contact with the patient should be soaked in cresol lotion for half an hour and then boiled in water for fifteen minutes and dried in the open sun. (11) The whole house, and the patient's room in particular with all its contents, should be thoroughly disinfected. The house as a whole should be lime-washed after the patient's recovery or death.

(12) No feasts and feasts, nor congregations of people as part of the funeral ceremonies in the event of the case proving fatal should be permitted.

Willingdon Island, 11th May 1940.

From the Master, S.S. "Howra," to the Port Officer, Cochin, dated 8th May 1940.

I have the honour to report that on the morning of the 8th instant less water than charted was found approaching Trivandrum from the south-west.

At a distance of 1·23 miles S 59° W from the port flagstaff soundings of 3 fathoms were obtained whereas the chart (No 731) shows 17 fathoms in the locality. It would appear that the 3 fathom patch situated 2·23 miles south of the flagstaff is extending in a N.N.W'ly direction.

A Bill to provide for the prevention and control of rinderpest in the Province of Madras.

WHEREAS it is expedient to provide for the prevention and control of rinderpest in the Province of Madras; It is hereby enacted as follows:—

Short extent, commencement.

1. (1) This Act may be called the Madras Rinderpest Act, 1940.

(2) It extends to the whole of the Province of Madras.

(3) This section shall come into force at once, and the Provincial Government may from time to time by notification in the *Fort St. George Gazette* apply all or any of the remaining provisions of this Act to the whole or any portion of the Province of Madras from such date and for such period, if any, as may be specified in the notification, and may cancel or modify any such notification.

Madras Act II of 1866 not to apply to rinderpest.

2. Nothing contained in the Madras Cattle-disease Act, 1866, shall apply to the disease of rinderpest in any area to which the provisions of this Act have been applied by notification under sub-section (3) of section 1 so long as such notification remains in force. Madras Act II of 1866.

Veterinary Surgeons and Inspectors.

4. (1) The Provincial Government may appoint any person they think fit to be a Veterinary Surgeon for the purposes of this Act within such local limits as they may assign to him.

(2) The Provincial Government may appoint any person they think fit to be an Inspector for all or any of the purposes of this Act within such local limits as they may assign to him.

(3) A Veterinary Surgeon shall within the local limits assigned to him have all the powers of an Inspector under this Act, and may exercise such powers concurrently with his powers as Veterinary Surgeon.

(4) Every person appointed under this section shall be deemed to be a public servant within the meaning of the Indian Penal Code. XLV of 1860.

Power to inoculate and regulate movement of animals and to control the holding of markets, fairs, etc., and traffic in infective animals, etc.

5. The Provincial Government may, for the purpose of preventing the outbreak or spread of rinderpest in or from any area, by notification in the *Fort St. George Gazette*—

(a) direct that all animals in such area or any class of such animals shall be compulsorily inoculated in accordance with such rules as may be prescribed or such directions as may be specified in the notification;

(b) prohibit or regulate in such manner and to such extent as may be prescribed or as may be specified in the notification, the bringing into such area from any other area in the Province or any part thereof, the removal from such area into any other area in the Province or any part thereof, or the transport from one place to another in such area, of any animals alive or dead, or of any products of animals or of any parts of animals, or of any fodder, bedding or other thing used in connexion with animals which may, in the opinion of the Provincial Government, carry infection; or

(c) prohibit or regulate in such manner and to such extent as may be prescribed or as may be specified in the notification in such area or any part thereof or any other area in the Province—

STATEMENT OF OBJECTS AND REASONS.

Rinderpest is responsible for heavy mortality of cattle in the Presidency The only effective way of preventing the spread of the disease is to immunize the cattle in the affected areas by the serum-simultaneous method of inoculation which gives the protected animals fairly long immunity from the disease. The Royal Commission on Agriculture in India recommended compulsory inoculation of all animals kept by milk sellers in large cities Their recommendation was considered by the Agricultural Advisory Committee in 1930 who favoured legislation to make inoculation by the serum-simultaneous method compulsory. As sufficient supply of serum could not be guaranteed under the conditions then existing, the question was deferred till a Serum Institute was established in this Presidency. A Serum Institute has since been established in Madras which is capable of supplying a sufficient quantity of serum for the inoculation of cattle In view of the heavy mortality of cattle from the disease and the consequent loss to the poor peasantry from the ravages of the disease and the futility under present conditions of expecting owners of their own accord seeking the only effective remedy of inoculation, it is considered necessary to undertake legislation to make inoculation compulsory not only during actual outbreaks of the disease but also when outbreaks are imminent and there is danger of the disease spreading. The Bill is intended to

achieve this object. It is largely based on a Bill drafted by the Government of India in 1932 which was not however proceeded with.

The provisions of the Bill are to be brought into force only in such areas and for such periods as may be determined from time to time by the Government by notification. The salient provisions of the Bill are :

(1) Compulsory inoculation of cattle in places to be notified by the Government from time to time ;

(2) The prohibition or regulation of the movement of animals alive or dead or of any products of animals or anything used in connexion with such animals which are believed to carry infection ;

(3) Control of places where cattle are assembled such as fairs, markets, exhibitions or other concentration of animals, or closing them if necessary ,

(4) Isolation and segregation of animals which are believed to be infective and the inspection and treatment of such animals (including destruction of animals where necessary without the liability to pay compensation to the owner for such destruction) ,

(5) The prevention of infection by prophylactic measures such as the cleansing and disinfection of vessels, vehicles, infected premises, etc.

The provisions of the Bill will be largely carried out by the Veterinary Surgeon and the Inspector appointed by the Government for the purpose within the local limits assigned to them. They will have power to enter stables, cattle sheds, etc., for inspecting animals suspected or believed to be infected with rinderpest. On the report of the Inspector or the Veterinary Surgeon the Provincial Government may declare any area or place to be an infected area or place and notify the same in the Gazette. While that declaration remains in force no animal alive or dead or things used in connection with the animal may be removed from the notified area or place without a licence granted by the Inspector. Suitable penalties have been prescribed for the infringement of the provisions of this Bill.

(By order of His Excellency the Governor)

P. APPU NAIR,
Secretary to Government, Legal Department

A Bill further to amend the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920, for certain purposes.

Madras Act V of 1920. Madras Act XIV of 1920.

WHEREAS it is expedient further to amend the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920, for the purposes hereinafter appearing; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Madras District Municipalities and Local Boards (Amendment) Act, 1940.

Amendment of Madras Act V of 1920.

Amendment of Madras Act XIV of 1920.

3. In the Madras Local Boards Act, 1920— Madras Act XIV of 1920

(i) in sub-section (2) of section 55—

(a) the word "or" occurring at the end of clause (e) shall be omitted; and

(b) after clause (f), the following word and clause shall be added, namely:—

"or

(g) in arrears of any kind due by him (otherwise than in a fiduciary capacity) to the local board up to and inclusive of the previous year, in respect of which a bill or notice has been duly served upon him and the time if any specified therein for payment has expired."; and

(ii) in sub-section (1) of section 56—

(a) the word "or" occurring at the end of clause (g) shall be omitted; and

(b) after clause (g), the following clause shall be inserted, namely:—

"(gg) fails to pay arrears of any kind due by him (otherwise than in a fiduciary capacity) to the local board, within three months after a special notice in that behalf has been served upon him by the president of the local board; or".

STATEMENT OF OBJECTS AND REASONS

It has been brought to the notice of the Government that several municipal councillors and members of local boards fall into arrears in respect of amounts due by them to the municipality or local board concerned and that the executive heads of the local bodies are unable and sometimes even unwilling to take coercive steps to collect such dues from the defaulting councillors and members. It is therefore considered necessary to penalize such defaulting councillors and members by disqualifying them from continuing to hold office if they fail to pay their dues within three months after a special notice is served upon them by the executive head of the local body concerned. It is also considered necessary to have a corresponding provision disqualifying a person for election as a municipal councillor or member of a local board if on the date of his nomination or election he is in arrears of any kind due

by him to the local body up to and inclusive of the previous year and for the payment of which a bill or notice has been duly served upon him and the period specified therein has expired. The disqualifications referred to above are not intended to apply to amounts due in a fiduciary capacity. The Bill gives effect to the above objects.

(By order of His Excellency the Governor)

Secretary to Government, Legal Department.
